

# GARRETT®

**THD™**  
PN 1165900

## THE MOST RUGGED, COMPACT METAL DETECTOR ON THE MARKET.

Ultra sensitive response to all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects. The THD is the preferred metal detection tool for security professionals on the go. Its easy-carry design and pinpointing tip flashlight make it a powerful resource on any utility belt.

Look for the mark  
of Garrett quality

**Ultra sensitive response**  
to all ferrous, non-ferrous and stainless steel weapons, contraband and other metallic objects.

**Compact and rugged**  
The portable Garrett *THD* is ideal for law enforcement, schools, bars, clubs and for corporate security.

**360° Detection field**   
Powerful 4-inch detection length. Silent vibrating alarm with red LED alarm indicator.

**Water resistant construction.**  
Meets IEC 529 IP66 standards.

**Bright LED flashlight**  
for low light and night operations. Useful for scanning IDs and for searching pockets, handbags.

**Sharp audible alarm and bright red LED**  
indicates the detection of metal.

**Rugged, high-impact case**  
with weatherproof rubber grip. Exceeds Mil-Std 810F (drop test) Method 516.5, procedure II.

**No adjustments required.**

**Easy ON/OFF battery cover.**

**Ballistic weave holster included.** Mounts easily on belt or in car. No tools required to change standard 9V battery (included).

| Battery Requirements       | one 9V (included)  |
| Warranty                   | 3 Year, Limited Parts/Labor                                  |

Regulatory Information: The *THD*™ meets U.S. and international regulatory requirements for electromagnetic safety. Extensive research has found no information that would indicate Garrett products have adverse effects on pregnancy, medical devices (such as pacemakers) or magnetic recording media. However, directives by physicians and medical device manufacturers regarding metal detectors should be followed.
